School Council news

It has been a big year so far for school council, which has included some great work from the subcommittees. Just wanted to use the newsletter this week to give everyone a quick snapshot of what has been happening in some of the subcommittees.

The Canteen subcommittee has been working with the Sunshine Social to support and monitor the lunch service which has been going well so far and will be extended into 2020. A tip that the subcommittee and the Sunshine Social wanted to share with parents when ordering for more than one child (to reduce ordering cost for you) was to make one order for all children and include details in the comments section (details would include children's name and what they ordered).

The Buildings and Grounds subcommittee have been very busy behind the scenes preparing documentation to support the tender process for the works around the big tree at the front of the school.

The Fundraising committee has also been busy planning processes and practices to support future events. The committee will be sending out a survey next week seeking ideas and feedback from families.

At the meeting last night, Jacinta Goldie and Sharon Noel shared some Naplan data and shared some information about key priorities for 2020. This included a continued focus on motivating students as readers and the implementation of Respectful Relationships. More information coming soon.

A big thank you to the School Council members and the members of the subcommittee for volunteering their time and energy to the school.

Thanks,

Alex Artavilla
